## OBJECTIVE

To continue growing my skills as an architectural associate creating efficient solutions through space planning and both residential and commercial design, enhancing the quality of life for my community and continuing my progress toward obtaining licensure.

## PROFESSIONAL EXPERIENCE

### **Cole Russell Architecture + Design** - Denver, CO Jan/2015 - Feb/2017

Walgreens Healthcare Team - Architectural Associate

Worked solely with project manager creating foundation for the healthcare team. Designed three to five 2,000 s.f. community pharmacies per month while continuing to create new and innovative approaches to the client's design criteria. Contributing from site surveys to permit submittals while keeping close communication with the client and MEP consultants on any design altercations.

Walgreens Retail Team - Architectural Associate

Performed Design work, both collaboratively and independently, from planning to construction sets for roll-out retail design at a rapid pace. Collaborated closely with the client and MEP consultants while dealing with continuing changing criteria and expectations. Met with municipal building department and other governing agency officials to coordinate approvals.

## VOLUNTEER EXPERIENCE

### **Making Strides Against Breast Cancer** - July-Oct/2016

Denver Office Team Lead. Collaborated with other team leaders to generate office and community involvement along with fundraising ideas.

### **Red Bird Mission - Clay County KY** - Jan-May 2014

Providing residential conceptual designs for low income housing in the Appalachian mountains to empower individuals suffering from natural disasters.

### **Casa de Sara - La Guardia, Bolivia** - Jan-May 2012

Design and collaboration of montessori elementary school in Santa Cruz, Bolivia for children age 4-17 to promote education, health and well being for children and the community.

## EDUCATION

### **Bachelor of Architecture and Design**

University of Tennessee (May 2014)
